

World-leading Surface Preparation and Finishing Solutions

Finishing Equipment and Accessories

AIRBLAST EUROSPRAY, AN INTRODUCTION

Airblast Eurospray is one of the leading global voices in surface preparation and finishing. We design, manufacture, install and sell blast and spray equipment and facilities to some of the world's most important organisations. With roots stretching back to 1971, we're known for driving the market with innovative, technically excellent blast and paint solutions for a wide range of industries.

WORLD-LEADING BLAST AND SPRAY EXCELLENCE

Our equipment is used in many demanding environments where product integrity is vital – so we only manufacture and sell facilities and equipment that we know are:

- Robust
- Well-designed
- Powerful
- Able to deliver optimum performance – safely and efficiently

PROFESSIONAL RESULTS

We're proud to offer complete solutions for any blast and spray application with a full range of products and services to help you complete your work to a high professional standard. If you have a bespoke query or cannot locate a specific product our brochures, please contact our sales team who will be happy to help you.

KNOWLEDGE TRANSFER

Performance is nothing without knowledge - especially with safety-critical processes like blasting. That's why we provide full operator training with industry experts as well as top-up training to keep experienced operators up-to-date with the latest blast and paint technology and developments. Contact our Training Specialists on 01778 560650 to find out more.

SERVICE AND AFTERCARE

We want you to get the best from your equipment for years to come, so we offer:

- Product and facility servicing
- Service contracts with reduced parts and labour rates
- Equipment collection
- Site visits, inspection and investigation services
- Next day delivery on many products

EQUIPMENT HIRE

Want to try before you buy? Many of our products are available for hire including blast machines, coating systems, water injection pumps, vacuum transfer units, suction and pressure cabinets, dust arrestors, hand-held closed circuit blast machines, closed circuit blasting and extractor fans. Contact our Hire Team for more information.

Finance packages available to help spread the cost of purchase. Get in touch today.

MPV VISOR

The MPV Full Face Air-Fed Visor – safety and comfort for the professional refinisher

The MPV full face visor is the first choice in air-fed respiratory protection for professional refinishers, the technically advanced design providing the perfect combination of safety and comfort in the spray booth, with excellent freedom of movement. Breathing air is gently and quietly dispersed through the tough, lightweight visor at a positive pressure without misting or discomfort, so every sprayer can work at their best.

Superb fit and a great view – in widescreen!

The wrap around visor provides excellent vision, even if you wear spectacles, while the ratchet headband adjustment is fast and convenient, whether or not the operator is wearing latex gloves.

The crown strap is also adjustable and the visor has a flip up, nod-down facility. The integral visor has a low cost 'face seal cassette' available in foam or soft paper which quickly and easily clips to the rigid visor moulding. Clear view tear off strips are available as are replacement screens.

The clean air act

The MPV Integral visor outfit includes all the necessary components to provide both breathing and spraying air by connecting a single air supply line to the waistbelt filter regulator, which contains a replaceable activated carbon cartridge for effective odour filtration and has a colour change indicator for oil contamination.

MPV spare parts

Part no.	Description
ABMPV-623	Complete visor outfit with waistbelt
ABMPV-526	Complete visor assembly
ABMPV-477-K10	Kit of 5 fabric face seal cassettes
ABMPV-476-K10	Kit of 5 foam face seal cassettes
